

**Ancient Jewish Mysticism.**  
**Is the traditions of the Jews who claim a day begins when it grows dark and ends 24 hours later at the onset of darkness.**

We do not know what the time Sabbath was kept by the Pharisees or Sadducees, in Yahshua's time but we know that modern Judaism is very much a religious ideology.

Israel only reformed 72 years ago and therefore they have come from all over the world and have differing traditions and false religious ideologies from what they previously had and Yahshua abhorred their twisting of the commandments and their blindness to who He was.

1. Ye blind guides ([Matt. 23:16](#)).
2. Ye fools ([Matt. 23:17](#)).
3. Woe unto you, scribes and Pharisees...for ye are like whited supulchres...full of dead men's bones, and of all uncleanness ([Matt. 23:27](#)).
4. Ye serpents ([Matt. 23:33](#)).
5. Ye generation of vipers ([Matt. 23:33](#)).
6. Woe unto you, scribes and Pharisees, hypocrites! ([Luke 11:44](#)).
7. Ye are as graves which appear not ([Luke 11:44](#)).

### **WARNINGDS AGAINST TRADITIONS OF MEN.**

Titus 1:14 Not giving heed to Jewish fables, and commandments of men, that turn from the truth. 15 Unto the pure all things are pure: but unto them that are defiled and unbelieving is nothing pure; but even their mind and conscience is defiled. 16 They profess that they know God; but in works they deny him, being abominable, and disobedient, and unto every good work reprobate.

Jewish Ribbi admits to changing the day to begin at sunset continuing to sunset the following day is a TRADITION set down by kabbalah Jews.

Explaining their religious ideology is mysticism and transcending the boundaries. They are an occult worship and certainly not in alignment with the bible.

Jews of today are basically the same as in biblical times, the Pharisees and Sadducees of New Testament times and in the fact they do not know the Torah or the Tanakh with any real understanding of it's teachings.

If they did know it they would have recognised who the Mashiach was because He is written into every chapter of the Torah and Tanakh.

They are blind guides and we have been warned not to follow them.

They have come up with multiple theories and created traditions through mysticism because they do not believe in Yahshua so they have to prove they can transcend and are beings of light, who will rise above the earth and are on a higher spiritual level. They are new age Jews and are claiming a book of secrets that makes their religion very much a cult.

### **Extended the Sabbath Day to 24 hours.**

Stretching the boundaries and extending the Sabbath to begin as the day turns to night is to overcome their fear of the dark?

They claim that there was 39 dark things about the creation and that they must every Sabbath revoke these faults of creation, yet the bible tells us that YHWH ended His work and saw it was good.

And God saw everything that He had made, and indeed it was very good. (Genesis 1:31). Strong's concordance; **beautiful**, pleasant, agreeable.

There were NO flaws in His creation and HE sanctified and called a Sabbath rest after seeing His 6 days of work and He rested on the 7<sup>th</sup> day and declared it beautiful.

Like us all we can only come to YHWH through Yahshua atoning sacrifice.

Paul reminds us that a little leaven, leavens the whole lump. A little false religion contaminates the whole belief system. Galatians 5:9.

James said if you break only one commandment then you are guilty of all. The 4<sup>th</sup> commandment has been given instruction on when it is observed. It cannot be added to or exchanged for another day.

In other words to go along with or keep only a part of a false religious ideology then you are guilty of all their false teachings.

You are either with YHWH or you are against Him so we must not have association with their religious traditions, or as James warned we will be guilty of all their false traditions and that includes the killing of Ha Mashiach.

**Kabbalah** (Hebrew: קַבָּלָה, literally "reception, tradition"<sup>[1]</sup> or "correspondence"<sup>[2]:3</sup>) is an esoteric method, discipline, and school of thought in Jewish mysticism.<sup>[3]</sup> Jewish Kabbalah is a set of esoteric teachings meant to explain the relationship between the unchanging, eternal God—the mysterious Ein Sof (אֵין סוֹף, "The Infinite")—<sup>[5][6]</sup> and the mortal, finite universe (God's creation).<sup>[3][5]</sup> It forms the foundation of mystical religious interpretations within Judaism.<sup>[3][7]</sup>

**The following is taken from Jewish website. Please read the whole page, link below. This is their, own words about the Sabbath change to sunset to sunset. It is not biblical it is a religious tradition.**

Interestingly, it was precisely in the heartland of medieval Jewish piety in Franco-Germany that the need for peshat first expressed itself.

Second, the talmudic innovation of reckoning a day from the eve before suggests a larger view of life. While we may never know what prompted the Rabbis to reconfigure the day, the existential benefit is indisputable. By inaugurating

[www.thewordistruthministries.org](http://www.thewordistruthministries.org)

the celebration of Shabbat or a festival at sunset, they have framed a stretch of time that can be ritually filled to heighten the religious experience. At the other end of the day, an eventide that does not mark a boundary between sacred and profane time would tend to be anti-climactic, an appendage of time to be endured till sunrise catches us unawares. To celebrate from sunset to sunset is to experience the passage of time each day consciously and bravely.

## 24 equinoctial hours.

# Hipparchus of Nicaea

**Hipparchus Nicaea** ([/hɪˈpɑːrkəs/](#); [Greek](#): Ἱππάρχος, *Hipparkhos*; c. 190 – c. 120 BC) was a [Greek astronomer](#), [geographer](#), and [mathematician](#).

**Most famous for his incidental discovery of [precession of the equinoxes](#).**<sup>[2]</sup>

Hipparchus, whose work primarily took place between 147 and 127 B.C., proposed dividing the day into 24 equinoctial hours, based on the 12 hours of daylight and 12 hours of darkness observed on equinox days. Despite this suggestion, laypeople continued to use seasonally varying hours for many centuries. (Hours of fixed length became commonplace only after mechanical clocks first appeared in Europe during the 14th century.)

## [24 hour day](#)

There is no biblical account of a day being 24 hours. All biblical recordings state 3 days and 3 nights in the belly of a great fish. Daylight is called DAY and dark is called NIGHT. No variance in this. Day came first then evening and night then morning. Evening and morning are part of the DAY.

**John 11:9** Jesus answered, Are there not twelve hours in the day? If any man walk in the day, he stumbleth not, because he seeth the light of this world.

**10** But if a man walk in the night, he stumbleth, because there is no light in him.

Long live Israel and may every Jew (Judah) come to know the true YHWH and return to Him.

All need to come out of false religion and back into the bible. All religions are false however the BIBLE is the very word of YHWH. All references taken from KJV.

Blessings

Glenda McLachlan
