

Ephraim and Manasseh.

Genesis 22:17 I will surely bless you, and I will multiply your descendants like the stars in the sky and the sand on the seashore. Your descendants will possess the gates of their enemies.

Verse 18 "And through your offspring all nations of the earth will be blessed, because you have obeyed My voice."

Matthew 15:24 He answered, "I was sent only to the lost sheep of the house of Israel."

Israel split in two, north and south after the reign of King Solomon as prophesied.

1 Kings 12-16.

Southern Israel remained in Judea (Jews) Northern Israel dispersed under the leading tribe of Ephraim. I Chronicles 5:1 tells us the "BIRTHRIGHT was given unto the SONS OF JOSEPH". This means that, through the descendants of the SONS OF JOSEPH, God would fulfil the promises of Israel's greatness! The promise given to Jacob in Genesis 35:11: "I am God Almighty: be fruitful and multiply: a NATION and a COMPANY OF NATIONS shall be of thee, and Kings shall come out of thy loins... "

Clearly ISRAEL was to be a NATION with a MONARCHY, which would expand to become a "COMPANY OF NATIONS"! They were to be relocated in ISLES, in the North-West (Isaiah 41:1, 8, 42:4, 49:1-3,12). They would number many millions and would possess the "gates of their enemies" (Genesis 22:17, 24:60). They would "dwell in the midst of the earth" (Genesis 48:16) and be a colonising people (Isaiah 49:20).

They would be a monarchy whose 'hand' or power-base would be "IN THE SEA" [i.e. in ISLES] (Psalm 89:25). Each of these marks of identity has been fulfilled by Great Britain. God told Abraham his seed would be GREAT and their name "GREAT"!

Britain's Ephraim-Mandate is evident in that it was Great Britain that colonised and built the world's greatest Empire and established its Commonwealth of Nations.

The indisputable fact that no other Nation is named "GREAT", or has become a Company or Commonwealth of Nations in precisely this way, is in itself irrefutable proof that GREAT BRITAIN is EPHRAIM, and that the prophecy had firstborn fulfilment in the Nation of Great Britain and its Commonwealth of Nations, the "Multitude of Nations" prophesied by Jacob. At its height, the benign British Empire ruled over a third of the earth's surface, becoming the greatest Empire of all time, its "branches ran over the wall!" (Genesis 49:22.) Many of these nations now have independence, yet Queen Elizabeth II remains "Head of the Commonwealth", representing over 30% of the world's population.

The portion of the birthright given to MANASSEH is unquestionably fulfilled in the UNITED STATES OF AMERICA. Joseph represented the greatest, richest power on earth in his day, and that blessing was passed on to both his sons, first Ephraim and second Manasseh.

The Union Jack (Jac) is the ensign of Jacob, his crossed arms when he crossed them to give the blessings to Joseph's sons Ephraim and Manasseh. Genesis 48: 13-15.

United states of America have 13 stripes which represent the 13th tribe because Jacob did not give the blessing to Joseph who was one of the 12, but to his two sons which make it thirteen tribes.

God told Abraham his children would number the stars. USA stars and 13 stripes on their ensign. It is name United States because the lost tribes are united in USA. Just as Great Britian is named the United Kingdom.

Ezekiel 37:19 Say unto them, Thus saith the Lord GOD; Behold, I will take the stick of Joseph, which *is* in the hand of Ephraim, and the

tribes of Israel his fellows, and will put them with him, *even* with the stick of Judah, and make them one stick, and they shall be one in mine hand.

All Israel will be saved. All the tribes will be given back their land in the nation of Israel. Yahshua will rule from Jerusalem in the millennial kingdom.

The nation and company of nations identified

Jacob revealed that the descendants of Joseph would become two great peoples—brother nationalities. Those descended through his son Manasseh would become a great people, while those who would come through his other son, Ephraim, would become a group or multitude of nations (Genesis 48:19). Both would dominate the earth as no others in history.

Two world wars won by these two Empires.

Thus, through them would be fulfilled the earlier promise to Jacob of a nation and company of nations. But have the prophecies of Israel's global greatness been fulfilled? Yes— by two geopolitical powers on the world stage that have defined global greatness for the last two centuries.

Descended from Ephraim was the group of nations that formed out of the greatest empire the world has ever seen, the British Empire.

"Israel" was the new name God gave the biblical patriarch Jacob in Genesis 32. The 12 tribes of Israel were descended from his 12 sons. These tribes later formed a United Kingdom. Great Britain.

Behold, the nations are as a drop in a bucket, and are counted as the small dust on the scales; look, He lifts up the isles as a very little thing...Too whom then will you liken God? Or what likeness will you compare to Him?" (Isaiah 40:15-18).

It's an amazing story—the unprecedented rise of English-speaking people to their dominant positions of power and influence over the modern world.

History shows that their rise to greatness began in the turmoil of the Protestant Reformation. Having broken from Rome and faced with the combined hostility of both the continental church and imperial Spain, then the most powerful nation in the world, England began to look beyond the seas for her security and trade.

Explorers were sent throughout the world during the reign of Queen Elizabeth I (1558-1603). This led to the establishment of colonies that later developed into the United States of America and the nations of the British Commonwealth.

Historians have called these countries “revolutionary empires.” They were not despotic tyrannies as were other countries or earlier empires in which everyone was subject to domineering autocrats.

Each colony had its own parliament or house of assembly to which voters sent elected representatives. People could own land, practice their religion and even take their government to court, while newspapers were free to criticize the authorities. Books were freely published. Innovative ideas flourished in what became the most politically stable nations in modern history.

These new ideas led to the gradual formation of a great company of nations, the British Empire and Commonwealth, and the world's most successful republic, the United States of America.

Why has history been so benevolent and economically generous to Great Britain and the United States? Why have they been blessed so favorably over the nations that preceded them in history? The answer lies in the understanding and fulfillment of biblical prophecy.

Surprising as it may sound, both were destined according to Bible prophecy to become superpowers. One was to precede the other to world-power status. Both would dominate international affairs in their own time. They would even be called upon to save other nations from the forces of despotism. Above all, they would make possible democratic and religious freedoms for the English-speaking nations.

In two world wars the British Commonwealth and the United States saved virtually the entire civilized world from powers intent on world domination. Without them our world would be entirely different in many ways.

The climate that encouraged freedom of expression led to the Industrial Revolution, which changed the world. In the century between the end of the Napoleonic Wars and the beginning of World War I (1815-1914), British capital and expertise developed the economies of her colonies (one quarter of the world's peoples) and contributed to the development of the fledgling United States and the newly independent nations of South America. After World War II America's economic prosperity and generosity—through the Marshall Plan—got Europe and Japan moving again.

Today the decline of Britain and America is leaving a vacuum around the globe. Already the dissolution of the British Empire has brought to the surface ethnic conflicts long held in check under colonialism. Wars in the Middle East, Africa, South Asia and the Pacific are the direct result of decolonization and have made the world more complex and unstable.

American power may seem to be successfully dealing with these problems. But the international standing of the United States itself is in decline.

Long in the vanguard of progress, Britain and the United States are increasingly faced with complex and seemingly insoluble dilemmas at

home and abroad. Meanwhile, other powers, in the East and West, flex their muscles, preparing to challenge America's superpower status.

For more than 400 years England and the nations spawned by her have played a crucial role in the world. Together, Britain and the United States have dominated the world scene for centuries during a time when crucial biblical prophecies concerning the time of the end are being fulfilled before our eyes.

Now we come to some vital questions. Why are economic blessings — and democratic ideals—so evident in the English-speaking nations? Who are the British and American peoples? How do these two great powers—the United States and the nations comprising most of the former British Empire—fit into Bible prophecy?

Are the British and American peoples ignored in the pages of your Bible while less-powerful nations are mentioned specifically and often? Is it logical to believe that God, in revealing the events that would lead to the return of the Messiah in the last days, would simply overlook the United States and British Empire?

Or is it possible that most people, including many students of the Bible, have simply failed to understand the prophecies that accurately predicted the rise to greatness of these nations and what will happen to them in the end time?

We can see that like Israel over past generations have been destroyed and sent into slavery when they have turned to Idolatry. UK and it commonwealth of nations and USA have removed God from the forefront of people lives, gradually over the last decades, schools have removed God from their curriculum, laws have been broken to allow abortion of unborn children, (child sacrifice,) gay marriage. (Sodomy).

We see the decline in morality and the people who were once great proud God fearing nations are now full of idolatry, Hollywood, movie stars, an sporting stars/football have become gods to these people.

Great Britian and USA were and still are the greatest evangelical nations of the world. They have penetrated into every corner of the earth, planting churches and establishing missions in the most hostile and remote areas, and served God, winning two world wars and given their lives to bring medical treatments, relief from hunger and poverty to the third world. But now these great nations who invented automobiles, printed bibles and airplanes, computers to reach the world and connect all nations are now under siege, racial hate and flooded by migrants in a Trojan horse events to flood the nations with illegals from Isis whose aim is to bring down America and all of these once great nations who stand with Israel, and protect it from tyrants and evil dictators, but now like never before the evil agenda is flooding the earth with a blood lust to destroy anything that is connected to God.

Glenda McLachlan.
